EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with **Mr. Mark C. Van Ness, Reg. No. 39865 on 11/3/05.**

The application has been amended as follows:

Claim 24 (cancelled).

Claim 25 (cancelled).

Claim 26 (cancelled).

Claim 27 (cancelled).

Allowable Subject Matter

2. Claims 1-23 are allowed.

The following is an examiner's statement of reasons for allowance: the allowability resides in the overall structure of the device as recited in independent claims 1 & 13, and at least in part, because claim 1 recites: "first ends of both the first and second actuator portions are connected together by a lever portion." and claim 13 recites: "the first ends of both the first and second actuator portions are connected together by a lever portion" and "at least one latch tab is attached to the lever portion and is positioned to engage at least one corresponding latch tab attached to the rectangular frame of the spring cage." The aforementioned limitations in combination

with all remaining limitations of claims 1 & 13 are believed to render the claims and all claims dependent therefrom patentable over the art of record.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: McHugh et al. US 67335085 B2 show the state of the art regarding heat sink and circuit board assembly configurations.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ingrid Wright whose telephone number is (571) 272-8392. The examiner can normally be reached on M-F.
